

CRS/BHCM Boundary Checklist

- Who does this benefit? You or patient?
- Do I have a bias that affecting my decision?
- Am I fostering autonomy or dependence?
- Is this within my scope of practice?
 - [Link to CRS Scope](#)
 - [Link LSW Scope](#)
- Is my communication style and behavior friendly or professional?
- Could this action put me or patient at risk of harm (physical or psychological)?
- How would this look to an outside professional?
- Am I able to objectively conceptualize this situation?
- Does this violate any Geisinger policies?

If I'm unsure, have I explored this with my supervisor?
